EDUCATION

Google UX Design Professional Certificate

// September 2021 - June 2022

Coursework in UX research, wireframing, prototyping, usability testing, and Figma

The University of Kansas B.A. Global and International Studies, Minor in Business

// August 2009 - May 2014

Focus in Global Economics, 3.50 Major GPA, 3.67 Minor GPA

EXPERIENCE

CreativeOne // Kansas City, KS

Senior Product Designer // January 2026 - Present

- Own end-to-end design of B2B platform used by 2000+ users
- Lead UX and design for an AI-powered roadmapping tool used by product and leadership for strategic decision making
- Drive AI-assisted prototyping and code generation workflows, utilizing Claude Code, improving designer-developer collaboration and accelerating UI implementation
- Create reusable AI skills for internal design teams for brand consistency and improved UI prototyping

UI/UX Designer // December 2022 - December 2025

- Developed and refined a comprehensive UI/UX design strategy aligned with brand objectives and user needs
- Collaborated with key stakeholders to gather and evaluate user requirements, ensuring features meet both business goals and user expectations
- Produced high-quality UI/UX deliverables, including wireframes, visual designs, flow diagrams, storyboards, site maps, and prototypes that clearly demonstrate how sites and tools should appear and function
- Partnered with developers to ensure precise implementation of UI/UX designs, while maintaining consistency with style standards and industry best practices
- Attended Figma's Config 2025, applying emerging design workflows and tooling updates to internal processes
- Led design and oversaw the launch of features which have resulted in a 3× increase in user engagement post-launch
